CANADIAN TROOPS DELIVER BLOWS TO NAZIS

Spitzbergen Expedition  
Churchill Desires More U.S. Naval Aid

Russ Pursue Fleeing Huns

MOSCOW, Sept. 9.—(AP)—The Soviet armies of the central front today were pursuing the broken remnants of a German force of 100,000 men back westward toward Smolensk, having thrust the Nazis back 16 miles in two days and recaptured 150 square miles of territory and 50 villages in a gigantic, continuing battle, official dispatches reported.

A communiqué reported that within 10 days the Rumanian, besieging Odessa, have left more than 20,000 dead men in the approaches to that Black Sea port and the Red navy makes a daily sortie.

It was the big counter-attack on the central front, however, that alone as the roughest start on the Soviet position.

8 DIVISIONS WIPED OUT  
A government communiqué said eight Nazi divisions were cut to

Led Expedition

Brigadier A. E. F. Potts, of Saskatoon, above, led the Canadian-British-Norwegian raid on the Spitzbergen island that resulted in the Nazis being deprived of the coveted coal mines there.

Lack Of Fighting Disappointment

LONDON, Sept. 9.—(CP)—Canadians in the Spitzbergen expedition were deeply disappointed there was no fighting to be done when they got there.

Describing his experiences today, Maj. Bill Bury of Edmonton who fought in France in the last war, said "there is no doubt that most of the men were bitterly disappointed there was no fighting. When we were sent on this trip we thought it was a reward after the monotony of waiting with no fighting."

He said he saw the coast of Spitzbergen with its rocky shores dropping steeply into the sea. I personally saw no fighting. It was a disappointment. It would have been a rather tricky job for everyone. "Still we should have made a crack at it and no doubt most of the men would have been glad of the scrap."

REAR RECEPTION  
"As it was, instead of a hostile reception, we were met by a sort of reception committee which the shore in small boats holding 15 or 16 men apiece and landed on the small jetty at Bensenham."

"You can tell what kind of reception we had when I say that after I had landed with one platoon of my company, I couldn't see the men

U.S. Naval Aid

LONDON, Sept. 9.—(CP)—Prime Minister Churchill expressed the wish today that United States warships now on western Atlantic patrol "might be a greater help" to Britain, and predicted in a sweeping war review that Hitler may turn by necessity to direct conflict with those U.S. naval forces.

He spoke in the House of Commons, assembled for the first time since Aug. 6.

Although giving a cheering picture of the battle of the sea, with a sudden increase in British and allied successes in the past two months, Mr. Churchill said "I could not say that."

Text of Prime Minister Churchill's speech will be found on Page 3.

He said that aid to Britain being rendered by "powerful American naval forces which patrol the sea approaches" to the Western Hemisphere "might be a greater help."

MR. CHURCHILL TACTICS  
In his prediction of Germany's course he said Hitler "may change" his present tactics, which the "Prime Minister" said as he sought to avoid conflict with United States naval forces.

Mr. Churchill told the House: "The Germans are much hampered on the American part of the Atlantic by the fact that the powerful American naval forces which patrol the sea approaches to the Western Hemisphere, this has been a help to Britain which it might be a greater help."

"The enemy's tactics may change. I doubt Hitler could rather finish off Russia and Britain before coming to close quarters with the United States."

MAY WIDEN DANGER ZONE  
"Hitler has, however, also the greatest possible need to prevent serious shortages of supplies from streaming across the Atlantic in pursuance of the policy of the United States."

In Expedition

No Battle As Islands Occupied

By ROSS MUNRO  
LONDON, Sept. 9.—(CP)—A Canadian army force has delivered one of Canada's heaviest blows of the war against the Germans and discovered the Nazis of the rich coal deposits of the bleak Spitzbergen Islands.

The expedition to the islands 500 miles north of Norway in the Arctic was led by Brig. Arthur E. Potts of Saskatoon. It included smaller British and Norwegian detachments. The Canadians included a detachment from Al-

berta, a regiment from Saskatchewan, a regiment of Royal Canadian Engineers, a field company from eastern Ontario and local medical units.

After two years of patient waiting behind British bombing raids, the Canadians had been decided to send a military force to the Arctic for "various purposes," but the Spitzbergen landing was the only activity disclosed.

The expedition returned to Britain with expert Norwegian miners and their families, who welcomed the troops with enthusiasm and gave them valuable information.

ALL NORSE EVACUATED  
Between 700 and 1,000 Norsemen normally live in Spitzbergen. All were evacuated so that followed the London raid last March. No one was left behind.

London authorities for reasons of security, refused to divulge whether the entire raiding party returned to Britain or whether a garrison was left in Spitzbergen.

The raid was correspondent covering the raid, I sailed 3,000 miles from Britain to Spitzbergen and back without incident, the military operation of modern history.

Brutality with arms and eager for the fight they never got, the Canadians fought at half a dozen points on the coast. The only full battle hit, only to be welcomed by British and working Soviet mines in the Archipelago and by the Norwegians.

FOOT OF COPIES  
Today's special force is the last of the Canadian Corps. Some of the troops had twice before been disappointed, when expeditions they were sent to Norway and France last year.

Gleanings From Today's Want Ads

(From 12 Pages 12 and 13)

Alberta Men In Charge Of Town

By ROSS MUNRO  
LONDON, Sept. 9.—(CP) Cabinet members today said that during their occupation of Spitzbergen the virtually deserted British mining town of "Bergerby" was the last of a long line of barren mountains in a fjord on the west coast of the Arctic island.

The Canadians took over the town and ran the regular services for the only named British islanders who had come prepared to fight.

Continued on Page 3, Col. 1

Duke To Broadcast

QUEBEC, Sept. 9.—(CP)—The Duke of Kent will make his official broadcast to Canada tonight when he broadcasts to the Canadian people over a national network of the Canadian Broadcasting Corporation. The Duke will broadcast at 10 p.m. EDT. (7 p.m. M.S.T.) for 15 minutes.

Royal Navy Sinks 4 German Ships

LONDON, Sept. 9.—(CP)—British naval forces in the Arctic have sunk three German ships supplying troops on the Russian Arctic front and in addition probably have sunk the German warship Bremse, the Admiralty announced tonight.

(The German high command acknowledged that the Bremse, described as a 1,400-ton minesweeper, was sunk on Aug. 24, but was lost after a short and fierce fight.)

The three vessels sunk were a destroyer, an armed trawler and an

Agreement On Tax Transfer Is Now Near

CALGARY, Sept. 9.—(CP)—The Dominion and the provinces are close to agreement on the transfer of income and corporation taxes now being presented to all parties concerned may be expected this month or next.

This statement was made by Hon. J. L. Riley, Federal minister of finance, in an address given today in Calgary. Mr. Riley was speaking to a joint meeting of the Canadian Club, Board of Trade, and other Calgary organizations.

Mr. Riley discussed the proposal he had made in his budget speech last spring, suggesting that the provinces turn over their rights to income tax and corporation tax for the duration. Formal agreements are now being presented to each province, and a speedy settlement is expected.

"There is only one job for all Canadians," said Mr. Riley. "The winning of the war. Whether we realize it or not we are no longer lawless."

Terms Of Allies Accepted By Iran

TEHRAN, Sept. 9.—(AP)—Iran today accepted Anglo-Russian peace terms, agreeing to expel German, Italian, Hungarian and Rumanian legations here and to deliver Axis nationals to British and Soviet authorities.

The terms provide also for a British zone of occupation comprising the southwestern corner of Iran, an area about 400 miles long and 100 miles wide in which the country's rich oil fields lie.

An Iranian zone about 100 miles long, varying in width from 30 to 150 miles deep, lying across the northern portion of Iran just north of Tehran, the capital.

Iran said it is trying to persuade Britain and Russia to reduce these zones of occupation, but a government spokesman said Iran had no choice except to submit. Parliament approved the agreement.

Under the peace terms Iran must supply all possible rail facilities for transport of war supplies to Russia. The agreement divides the country into three sections, Iran herself remaining in control of territory between the zones of the two allies, but the transport agreement makes clear the supply route to Russia will remain open.

Seamen Return

OTTAWA, Sept. 9.—(BUP)—Authorities in Ottawa announced that 70 Canadian merchant seamen have returned to Canada as passengers aboard a ship from Africa.

Acoustic Mine Now Being Used Says Churchill

LONDON, Sept. 9.—(CP)—Prime Minister Churchill told the House of Commons today the Germans are using "acoustic" mines placed singly by plane around Britain.

He did not describe them, but said they were being employed in addition to magnetic mines "in many dangerous combinations."

Mr. Churchill said 30 or 40 German planes now swim in British waters nightly.

Can't Beat Hitler Says Silvercruys

MONTREAL, Sept. 9.—(CP)—Baron Silvercruys, minister to Canada for the British Empire, returned to Canada last night after a three-week airplane trip to Britain with the conviction that "no force in the world nor in hell can defeat the British Empire, backed by the arsenal of democracy in America."

West Firm Will Make Equipment For Canada Navy

OTTAWA, Sept. 9.—(BUP)—A five-million dollar contract for the manufacture of 9,000 units of naval equipment has been awarded to the Manitoba Bridge and Iron Works of Winnipeg. Hon. C. D. Howe announced today.

Howe disclosed that 75 per cent of the steel used will be rolled in western Canadian plants.

Boost Coal Price

VANCOUVER, Sept. 9.—(CP)—Vancouver fuel dealers today increased the price of Vancouver Island coal from 25 to 30 cents a ton.

Ex-Danish Ship, U.S. Vessel Sunk

WASHINGTON, Sept. 9.—(AP)—The United States state department reported today that 24 crew members, including one American, were "presumed lost" in the torpedoing of a former Danish ship flying the Panamanian flag Aug. 17, about 300 miles southwest of Iceland.

News of the sinking, in which only three men aboard survived, came close on the heels of the sinking of the American freighter, steel steamer Red Sea, by a naval bomber.

The state department said the Red Sea was a former Danish vessel which was acquired from the Danish government under the authority of the United States.

The bombing of the freighter, Steel Seafarer, coming only a day after the Sept. 4 sea clash between the U.S.S. Greer and a German submarine in the North Atlantic, seemingly made a showdown inevitable with the Axis on the Atlantic.

News of the Red Sea sinking was transmitted to the state department by Ambassador C. K. Kilg, the American minister at Cairo. The department did not release location where the ship went down, circumstances of the attack, or whether the ship was en route to Egypt or returning home.

Boost Coal Price

VANCOUVER, Sept. 9.—(CP)—Vancouver fuel dealers today increased the price of Vancouver Island coal from 25 to 30 cents a ton.

THANK AMERICAN ISOLATIONISTS Strategy of Hitler, Mussolini

"That one or the other must win," said Hitler, "is the only way to the German people." This was the message of the German propaganda machine, which today is being used by Hitler and Mussolini to deceive the world.

For exactly that reason, repeated Churchill, "Because we know the ultimate and decisive advantage will be taken by the isolationists, we must not let them win."

EXCLUSIVE

Understand Hitler, Will be a Republican and the President of the United States. "Will be a Republican and the President of the United States."

F.D.R. May State Policy Of Force

By W. B. ARDREY  
WASHINGTON, Sept. 9.—(AP)—The conviction grew in informed quarters today President Roosevelt in his address to the nation Thursday night would announce that henceforth the policy of the United States would be to meet force with force on the high seas.

The belief was immeasurably strengthened by the latest incident in the sea to touch American interests—the sinking of the U.S. merchant ship, Steel Seafarer, by a German submarine.

Farmers, Business Men Are To Ask For 'Dollar Week'

SASKATOON, Sept. 9.—(CP)—In a "supreme effort" to raise the morale of Saskatchewan to the necessity of backing the move for a "dollar week," recently initiated by the Canadian Wheat Pools, mass meetings of farmers and business men will be held in various parts of the province.

British Figures Lower

He reported that up to the end of June, the German navy and air force had sunk 100,000 tons of British shipping.

Where Axis Blundered

Facing the threat of an awakening of the British people, Hitler and Mussolini found that England would not collapse. When France collapsed both expected Hitler and Mussolini to win.

If Churchill were a stubborn "warmonger," the only man who would have been able to win the war, Hitler and Mussolini would have been defeated.

# EQUIPMENT LOSSES HAVE NOT HIT RUSSIANS

## Soviet Air Force Retains Strength, Morale Known To Be Excellent; Huns Not Able To Bomb In Daylight

By A. T. STEELE

MOSCOW, Sept. 9.—(CP)—Make no mistake, the Soviet air force still packs a wallop. Despite the losses of equipment admitted in the Soviet communiques.

How many planes the Russians still have at their disposal is an unsolvable mystery and there is no Russian observer who knows or even ventures to guess. But there are these known facts:

1.—The strength and morale of the Red air force are excellent and there has been no apparent weakening of its spirit of corps.

2.—The Soviet air force emphatically dominates the air at the Soviet front.

3.—Production is still in the main intact. Since 1937 the Russians have been producing a new type of aircraft, the I-16, which is a more modern type than the I-15, which they are now turning out in great numbers. This new type is a more modern type than the I-15, which they are now turning out in great numbers.

4.—The sharp rise between July 2 and Aug. 1 was due mainly to higher fuel prices. The Bureau of Statistics of the Soviet Union has announced that the price of aviation gasoline has risen 100 per cent.

5.—The sharp rise between July 2 and Aug. 1 was due mainly to higher fuel prices. The Bureau of Statistics of the Soviet Union has announced that the price of aviation gasoline has risen 100 per cent.

## Rail Workshop Centre Target In R.A.F. Raids

LONDON, Sept. 9.—(CP)—British bombers, following a terrific bombing of Berlin Sunday night and early Monday, smashed at the German industrial town of Kassel, site of important railway workshops, during the night.

The air ministry said many bombs were seen to burst on the targets. Bombs also fell on the site of the extensive Henschel locomotive works.

Also attacked were objectives at Munster and other places in Western Germany, as well as attacks on the channel port of Cherbourg.

As a result of the extensive Henschel locomotive works.

One enemy plane was shot down. The raid on the locomotive shops was considered particularly important in view of the R.A.F. campaign, which makes great use of railway transportation for troops and supplies.

Nazi air operations against British during the night were confined to the German forces over coastal districts in eastern and southwest England. One enemy plane was shot down.

HYDE PARK, N.Y., Sept. 8.—(AP)—The death of Sara Roosevelt, widow of the late President, was announced today.

Simple private services were held at the home of the late president in Hyde Park, N.Y., where they were held by the late president's family.

## West Moves Fast With Air Cadets

OTTAWA, Sept. 8.—(CP)—Officials at national headquarters here for the new Air Cadets League of Canada said Monday the greatest strides in enrollment were being made in the Maritime provinces, Alberta, Vancouver and Edmonton.

Officials here were quick to organize, they said. Four units had been started in Montreal, two in Toronto and one in Vancouver. The organization had been done in Toronto.

Brandon, Man., Sept. 8.—(CP)—Members of the Brandon school board decided at a meeting last night to ask students at Brandon Collegiate to vote on whether they would accept or reject training during the present term.

## British Legation Leaving Helsinki

HELSINKI, Finland, Sept. 8.—(AP)—A part of British legation here by train Monday morning for a rail and boat trip to Ljubljana, where most of them will be located in a special train to cross Germany and on the second stage of their journey home.

They will embark at the Finnish port of Turku for the voyage to Dusseldorf. At Stockholm their ship will pick up 30 more British who will make the trip across Germany. The break in diplomatic relations between Finland and Great Britain made their departure necessary.

Members of the British legation in London were to be exchanged for the group which departed from Helsinki today.

# ODDS 1 TO 3 1/2 ON "DEM BUMS"

## Brooklyn Favored To Top Nationals

Will Perform At Gymkhana

Shown above is Mrs. William Graves, coach of the Brierton Saddle Club, on her horse, Running Rein, which will be performing in jumping classes at the gymkhana being staged Wednesday afternoon at the St. Albert trail farm of M. L. Ryan. A program of harness races also will be staged on Mr. Ryan's track. Proceeds will go to the British War Comforts fund.

It was just two years ago today that this column was devoted to a bit of guessing as to what would happen as a result of the war that had just started so far as the British Empire was concerned. Today, for the first time, we can see the end of the war and where we are headed.

The first prediction in that 1939 column was that pro sport and the business of importing abilities would pass out of the picture. That has happened—at least in those parts. The second forecast was that major emphasis would be put on the juniors.

So far, the war has not hit sport as hard as we feared it would. The hardest blow we have taken here is the loss of our two covered hockey rinks in the air force for training purposes. That was an angle no one expected to develop.

On the whole, it begins to look as though the war may eventually be written into the records as one of the best things that has happened to sport. It has forced us to think a lot of nonsense and get down to solid fundamentals.

### The Pay Roll Passes

UNDER the general heading of nonsense comes the old business of paying players salaries which we couldn't afford and they could never earn. Another item in the same classification was Edmonton's entry in the Western Conference when the rank and file of folks here didn't know the first thing about hockey.

These two seasons of big time hockey changed an outlook of around \$40,000. To show for that expenditure, directly and indirectly, we have magnificent Clarke Stadium equipped with stands and floodlights and we have had enough over equipment to make possible the launching of our three-team Junior League last fall.

It is doubtful if the slap-bat pop-war football days will ever return again if we will ever again be losing pay-roll money without abundant We will undoubtedly have conference football here after the war, but it will be played by home-bred boys that we developed in our own Junior League. This is the only basis on which big time football can be solidly established here.

### Baseball Learns Too

THE same thing applies to our baseball. The present season has shown that teams can be fielded from the city and surrounding district capable of playing really interesting ball. The Junior League is now recognized as an absolute necessity to maintain the supply of players. Senior clubs can now afford to make much further ahead by helping out the juniors than by importing.

Another useless and wasteful piece of money-business to go by the boards was the Olympic Games. They had a lot of attractive appeal, but sport money is too scarce in this country and the need for it too urgent in home sports for it to be squandered on Olympic travels. Just now we are in the verge of entering the first winter without hockey that Edmonton has known for decades. There are still faint hopes that something in the way of covered rink may yet turn up. Yesterday's committee—City Engineer Harold, Barney Stanley and Bert Huff—started an initiative survey of the situation with the object of working out something that would enable junior hockey to carry on.

### Invaders Beaten 6-1

## Blitz Soccer At Spitz

LONDON, Sept. 9.—(CP Cable)—In the midst of a tense war occupies a lion in which Canadian and Allied troops were landed on the Norwegian islands. Canadians took time off for a game of soccer against the rugged Norwegian miners of the north and received a 6-1 beating.

The game was played on a regulation-sized field beside a fjord where players crashed down in the sea and sleds splashed offshore. The Canadians were colorful spectators joined them by the Norwegians. More than 200 excited Norwegians watched the game and gave the outplayed Canadians support.

Beaver Bruce Gagnon, Desnoes Mills, Que. scored the Canadian goal. Other numbers of the team included supports Bert Gray, Victoria, B.C., and Bob Turner, Calgary, Alta.

## Gymkhana, Harness Racing Wednesday At Rancho Ryan

Harness horses from Legal and other towns, as well as fast pacers from M. L. "Mickey" Ryan's stable will perform in a program of harness races at Rancho Ryan farm on the St. Albert trail, Wednesday, starting at 2:30 p.m.

Besides the full card of races, a gymkhana will be staged by members of the Brierton Saddle Club, with some 40 horses performing. Proceeds will go to the British War Comforts fund.

On the gymkhana program are jumping for ladies and gentlemen, pair jumping, hunting trials, bareback jumping, race for best pack race, blindfold race and a race between a harness horse, a galloped horse and another saddle horse.

Among Brierton club riders taking part will be Leonard St. John, Skip Kaplan, Helen Kingston, Hon. or Evans, Sylvia Evans, Francis Burgess, Dana Kelle, Betty Chalmers, MacArthur, Nan Short, Bill Martin, Willie "Tommy" Thompson, R.C.A.F., Green Gies, John Morris, Kathleen Swallow, Doreen Fraser, Mr. and Mrs. Clarence Stevenson, Percy Gray, Allison McBride, Bonnie Mook, Maureen Campbell, Netta Robbins.

## W. Majeau Wins City Trap Shooting

W. Majeau won the gold medal emblem of the city trap shooting championship at the annual shoot on Saturday sponsored by Edmonton Gun Club. A. C. Anderson was runner-up.

Leaders in the Hayward competition were C. Craddock, 46; A. C. Anderson, 45; W. Majeau, 44; H. A. McKenzie, 43; and J. Dory, 43.

In the handicap shoot following the first round the field was reduced, but in the last round Craddock, 46, won with 24 birds. Anderson added the list with 27 points. In the shoot-off Craddock, 46, won with 24 birds. Anderson added the list with 27 points. In the shoot-off Craddock, 46, won with 24 birds. Anderson added the list with 27 points.

President's side won the team shoot, with high guns for the winners being E. C. Brown, 25; Craddock, 24; W. Majeau, 24; A. C. Anderson, 24; W. C. C. McKenna, 22. The scores were: A. E. Turvey (top) 48; E. C. Brown, 25; A. C. Anderson, 24; W. C. C. McKenna, 22; W. Majeau, 24; C. Craddock, 24; J. Dory, 24; N. Lord, 22; H. A. McKenzie, 21; P. T. Bull, 21; A. B. Miller, 20; J. Pollock, 19; J. Smith, 19; C. Hancock, 18; E. Lewis, 18; A. Van Camp, 18; S. Smith, 18; S. Webb, 18.

# Edmonton Will Be Place of Federal Control

## Premier Raps Centralizing Of All Power

Opposition to the centralization of power was expressed by Premier William Abernethy at a meeting of a public meeting at the Massey Theatre Monday night. "I am opposed to the centralization of power and I think you know it and also to be opposed to it. If power is centralized to far away that you can't get it, you never have your wrongs righted," he said.

The Premier and Hon. Ernest C. Manning, minister of trade and industry, were speakers at a meeting sponsored by the Edmonton Social Credit Constituency Association. It was the first of a series of meetings for the fall and winter, which will bring to the public views of the Premier and his associates on various phases of monetary reform and of cabinet members on the work of their departments.

The Premier directed some attention to the election of independent members of the legislature held here on August 30 and the statement released on its deliberations.

He recalled that one resolution passed by the independent members was to the effect that the government should be satisfied with its position in the legislature and should not attempt to change as head of the government.

Another resolution, which was passed, was to the effect that the government should be satisfied with its position in the legislature and should not attempt to change as head of the government.

WALL STREET CONTROL  
He declared that it had been suggested by some writers that Great Britain and the United States unite and give over control of finance.

## Sailor On Duty At Sea Parley

Son of Mr. and Mrs. Mortimer Burgess, 9012 82nd Avenue, Leading Telegraphist Jack Burgess, R.C.N., left Edmonton this week after having spent part of his holiday leave period at the home of his parents. He proceeded to the coast where he will receive his commission.

Burgess was a member of the crew of one of the Canadian corvettes, which was carrying the Prime Minister Winston Churchill to Great Britain "somewhere in the Atlantic" last month. He told his friends that he was the only one who had been in the vessel within ten feet of the two leaders.

The seaman has been in the navy for nine years. Born in Edmonton, he was educated at King Edward school and was later employed as an engraver. Shortly after his marriage last February he was transferred from the R.C.N.V.R. to the active army and has since been serving in England every part of this side of the Atlantic. Prior to the war he was engaged in his own contracting business in Saskatchewan.

Following his leave, he will resume his duties with the R.C.N.

The map division of the Dominion government has been supplied with 20,000 maps, charts, plans and drawings.

## Used School Books BOUGHT AND SOLD

We will buy for cash some used school books that are on the authorized School Book List for next term.

And in a list of your books.

## Administrator Is Asked To Establish Machinery Under War Time Powers

Edmonton's city council Monday decided to place this under the provisions of the rental control division of the War Time Prices and Trade Board and passed the necessary resolution asking Rental Administrator Mr. Justice W. M. Martin to set up the necessary machinery in the near future.

The motion was passed by a vote of seven to three, with Aldermen Burgess, Macdonald, Blundell, Campbell, Knott and Parsons voting for the resolution, and Aldermen Gariepy, Mitchell and Irvine opposing. Mayor John W. P. Kelly voted for the resolution. A. Blair Patterson was absent from the meeting, being on holidays.

In making the recommendation to the council, the administrator said that the rental administrator had entire jurisdiction and an adequate staff to carry out the duties which he considered to be his.

He also said that the administrator had been in the city since the war began and that he had been in the city since the war began and that he had been in the city since the war began.

MANY COMPLAINTS  
The commissioners reported also that since the city council had taken place with Ottawa regarding the view of all these circumstances.

The view of all these circumstances was that the city council should be satisfied with its position in the legislature and should not attempt to change as head of the government.

Another resolution, which was passed, was to the effect that the government should be satisfied with its position in the legislature and should not attempt to change as head of the government.

WALL STREET CONTROL  
He declared that it had been suggested by some writers that Great Britain and the United States unite and give over control of finance.

## Getting Around with JOHN OLIVER

SOME of the lads of the village who slip their coffee affectionately and frequently at the coffee bar, frankly are puzzled and slightly confused by the changes in the matter of women's apparel, so revolutionary as to have been some of the late arrivals.

That is the question: to be or not to be.

Canadian women, in common with those of Great Britain and the United States, are confronted with the loss of such cherished possessions as silk stockings and the long-term instabilities of the fashion world.

Some manufacturers of underthings estimate that reducing stock by several inches will result in a loss of the millions of yards used each year in lingerie.

But, the question that is mainly concerning the boys as they prepare for a drag at their clearances is: what are they going to wear?

But, the question that is mainly concerning the boys as they prepare for a drag at their clearances is: what are they going to wear?

## Discovery of Pamphlets Is Trial Feature

Finding of mimeographing equipment, paper, stencils, a typewriter, along with copies of pamphlets at the farm house of an accused south of the city on July 16, featured police testimony as hearing of charges against the defendant, Harold Sprague, opened before Magistrate Howe Tuesday.

The crown presented the evidence of being in possession of a quantity of literature prejudicial to the safety of the state.

Det. Const. Russell, RCMP, stated he, with other officers, visited the farm house of accused and found the articles named.

Pamphlets found included "Covenant Obligations," "Who Shall Rule the World," and a copy of the Jehovah's Witnesses Year Book, the officer stated.

Seven others will stand trial after the hearing. Mr. Holland concludes. This case is continuing.

## Member's Club Holds Meeting

Organization meeting of the Edmonton Member's Club was held Monday evening in the Y.M.C.A. building, where more than a dozen prospective members, or leaders of various youth groups, discussed plans for the coming year.

Harold Sprague, called to the attention of A. F. Marsh to conduct a workshop. The pastor took the topic, "Christ, the cheerful and energetic leader." He referred to Prime Minister Churchill and President Roosevelt as energetic and cheerful leaders and urged the prospective members to adopt these principles in dealing with their own groups.

H. F. Mackenzie, called to the attention of A. F. Marsh to conduct a workshop. The pastor took the topic, "Christ, the cheerful and energetic leader." He referred to Prime Minister Churchill and President Roosevelt as energetic and cheerful leaders and urged the prospective members to adopt these principles in dealing with their own groups.

## Cyclist Hurt After Horse Breaks Away

A horse that seemed imbued with a specific fury, caused a woman cyclist, Susan Hays, to be injured, later in a peculiar street accident, the late John Hays, east of the Macdonald hotel about 5:15 p.m. Monday.

The young woman tried to get her bicycle off the street and the horse continued to rear. She was finally off the machine between two cars, she was thrown into the air, and she landed on the ground.

The young woman tried to get her bicycle off the street and the horse continued to rear. She was finally off the machine between two cars, she was thrown into the air, and she landed on the ground.

**3 DAYS STARTING WEDNESDAY**

**SHOPGIRLS CAN DREAM  
OF ROMANCE, TOO!**

But Jessie Camdy was one girl who fought  
for a rich, glamorous,  
love-filled life! Your loan.

*He said he loved her... and she believed him!*

Get heart-throb real here before  
she was here (suspense!)  
**JOAN CRAWFORD**  
**SPENCER TRACY**  
*Mannequin*

## As The United States Tested Its Newest Battleship

At an elevation of about 45 degrees the 16-inch rifles of No. three turret (aft) on the U.S.S. North Carolina cut loose with a roar, top, as they hurt their shells about 26 miles to sea. This photo was made from stern deck during the recent firing tests of the armament of the 35,000-ton battleship. How the North Carolina appeared to the photographer who made the photo while he was being transferred from a destroyer to the battleship during her recent gunnery trials, is shown, bottom. The great vessel is in the trough of a couple of big swells and appears to be partially submerged.

## Tobruk Still Holds

Instrumental in the stubborn defense of Tobruk in Libya in face of Nazi siege are infantrymen, cooks, orderlies, etc., who have turned "artillerymen" in handling captured Italian field pieces which they repaired and put back in service. They're seen rushing to posts following alarm—typical of their response to constant attacks.

## Principals At Opening Of Montreal's New Airport

When a Trans-Canada Airlines plane from the west landed at the airport at Dorval near Montreal, it marked the opening of Canada's largest airbase. All commercial aviation in the Montreal metropolis is now centralized at the new airport. Above are seen some of the passengers, flight personnel and officers present at the inauguration.

## Ban Red Shorts

Seeing red is Mercedes Marlowe after the U.S. Lawn Tennis Association declined her entry in the national singles at Forest Hills, N.Y., because, says she, she had planned to wear red silk shorts. She had driven all the way from Los Angeles to play, too.

## Heads Mission

Maj. Gen. George H. Brett, above, of U.S. Army Air Corps, heads a flying mission to the Near Eastern war fronts in an attempt to eliminate bottlenecks in the use of American equipment by British and Russian forces.

## New Assignment

One of the most prominent and dynamic of Royal Air Force personalities, Air Commodore Raymond "Coly" Colishaw, Canadian war ace, has been posted to a new theatre of war, it was announced recently. Colishaw spent the last 16 months in the western desert of Egypt and played a dominant role in the crushing defeat of the Italian air force in Libya in 1940 and 1941.

## Nine Go On Trial As Spies

Nineteen defendants accused of conducting world-wide Nazi spy plot against the United States went on trial in U.S. District Court, Brooklyn. Just before the trial opened three pleaded guilty to first count and innocent to second count of the indictments, bringing number of guilty pleas to 17. Three women on trial are shown with matron during recess. They are: Evelyn Lewis, (large off-the-face hat); Lilly Carol Stein, (small hat with flower, in left, rear); Else Weustenfeld, (large fluffy hat). With them is Mrs. May Bainton, Deputy U.S. Marshal.

## New "Tank Killer" In Action

The American army's provisional GHQ tank destroyer battalion, unveiled its weapon at demonstrations at Fort Meade. Fast new "tank killer" is shown at the left firing its 75mm weapon at tank, right, during tactical experiments in manoeuvres.

## "They Shall Not Pass"—1941

## "Gypsy Baron" To Be Staged Here
